There is something going on with @Bitcoin twitter account: 1/ The URL of the white paper has been changed from bitcoin.com into bitcoin.org! 2/ @Bitcoin has unfollowed all other BCH related accounts. 3/ Most of the posts that refer to "bitcoin cash" have been deleted?! Is it hacked?!	Internal	Passing Juice

Jonathan Toomim: "At 32 MB, we can handle something like 30% of Venezuela's population using BCH 2x per day. Even if that's all BCH ever achieved, I'd call that a resounding success; that's 9 million people raised out of poverty. Not a bad accomplishment for a hundred thousand internet geeks." Jonathan Toomim: "BCH will not allow block sizes that are large enough to wreak havoc. We do our capacity engineering before lifting the capacity limits. BCH's limit is 32 MB, which the network can handle. BSV does not share this approach, and raises limits before improving actual capacity."	Internal	Passing Juice

	XML Sitemap	Missing Your website does not have an XML sitemap - this can be problematic. A sitemap lists URLs that are available for crawling and can include additional information like your site's latest updates, frequency of changes and importance of the URLs. This allows search engines to crawl the site more intelligently.
	Robots.txt	http://forex-binary-options.monster/robots.txt Great, your website has a robots.txt file.
	Analytics	Missing We didn't detect an analytics tool installed on this website. Web analytics let you measure visitor activity on your website. You
