Usability

Url

Domain : infohep.org
Length : 11

Favicon

Very bad. We have not found shortcut icon. Icons are one of easy ways to attract regular visitors to your website more often.

Printability

We could not find a Print-Friendly CSS.

Language

Good. Your declared language is en.

Usability

	Dublin Core	This page does not take advantage of Dublin Core.
-----------------------------------------------------------------------------------	-------------	---------------------------------------------------

Document

	Doctype	HTML 5
	Encoding	Perfect. Your declared charset is UTF-8.
	W3C Validity	Errors : 36 Warnings : 3
	Email Privacy	Great no email address has been found in plain text!
	Deprecated HTML	Great! We haven't found deprecated HTML tags in your HTML.
	Speed Tips	<div><div> Excellent, your website doesn't use nested tables.</div><div> Perfect. No inline css has been found in HTML tags!</div><div> Too bad, your website has too many CSS files (more than 4).</div><div> Too bad, your website has too many JS files (more than 6).</div><div> Too bad, your website does not take advantage of gzip.</div></div>

Mobile

	Mobile Optimization	<div><div> Apple Icon</div><div> Meta Viewport Tag</div><div> Flash content</div></div>
-------------------------------------------------------------------------------------	---------------------	--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------

Optimization

	XML Sitemap	Missing
--	-------------	---------

Optimization

Your website does not have an XML sitemap - this can be problematic.

A sitemap lists URLs that are available for crawling and can include additional information like your site's latest updates, frequency of changes and importance of the URLs. This allows search engines to crawl the site more intelligently.

Robots.txt

<http://infohep.org/robots.txt>

Great, your website has a robots.txt file.

Analytics

Great, your website has an analytics tool.

Google Analytics
