## Optimization

XML Sitemap	Great, your website has an XML sitemap.
	http://lubesngreases.com/sitemap.xml
Robots.txt	Your website doesn't have a robots.txt file - this can be problematic.  A robots.txt file allows you to restrict the access of search engine robots that crawl the web and it can prevent these robots from accessing specific directories and pages. It also specifies where the XML sitemap file is located.
Analytics	Great, your website has an analytics tool.  Google Analytics
