- [H3] Doesn't really matter what she says. The facts will come out. And they will describe, down to the minute detail, the make, model and caliber of the smoking gun that was grasped by her hand. Squealers with a yellow backbone will start to give it up. "To protect a loser? Are you kidding. I am not spending one night in the iron bar. "One forthright individual will eventually spill the beans. Hey why not? A multimillion dollar book deal is in the offing. The need to employ a full time bodyguard is 'de riguer'. - [H4] The same old, same old; the tune doesn't change. She denied everything, like the drubbing at the hands of Trump didn't exist. Russia? What are you talking about? I only know caviar and Matryoshka dolls. Didn't know there is an investigation.
- [H4] What kind of meds is she on? These Democrat psychos were born to lie straight through their teeth. A lawyer by trade, schooled in the socialist tradition of Lenin-Marx of how to destroy their political enemy by any means available, even if it means spreading one LIE after another.

- [H4] Chris Cuomo allegedly attacked a female ABC News temp worker in 2011 when she denied his proposition for sex during a "lunch" in his office, it was revealed on Tuesday.
- [H4] The cyber sleuths then covertly penetrated the servers without authorization. Once inside, they commandeered innocuous information and peddled it as nefarious back-channel communications between Trump and a Kremlin-linked financial institution called Alfa Bank. And the FAKE new organizations are still going after Trump today. Not one of these scum bags have reported the most recent revelations By John Bull Durham.

- [H4] Hillary Clinton was tight-lipped(what a surprise-didn't know she knew how to keep her Big fat Trap shut" when The Post caught up to her Tuesday amid new allegations that her campaign paid for computer research to tie rival Donald Trump to Russia — and just two days before a major speech that could launch her on a renewed quest for the White House.
- [H5] "The prime minister of Canada, the way he's behaving right now - he's exactly like a tyrant, like a dictator. He's like Ceaușescu in Romania," MEP Cristian Terheș, of Romania, said during a speech to European Parliament in Brussels. "If you raise doubts about the vaccines, you're outcasted. What's the difference between what he does and what happened under The Inquisition?"
- [H5] Anne-Claire Le Jeune, a lawyer representing Brunel's accusers, expressed their "frustration and bitterness over not being able to obtain justice - just as for the victims of Epstein."
- [H5] It had already taken "so much courage for them to be able to speak up, to be heard by the police," Le Jeune told the Guardian.
- [H5] And that brings us to the Trucker Freedom Convoy.

Currently it is on the roll up north, but soon it will be breaking out in the USA. We can surmise that Biden's hired Guns will be waiting for them at the border, The SWAT team, was nowhere to be found in Portland; no, no, no, they saluted them, condoned their behavior and interpreted their violence as a "love fest."

- [H5] There are many instances where politicians have run from the iron bar. But for national office the times are few and far in between. Be our guest, we can't wait. Tell you what, those babes in jail would love to have you. Bet you would get a long just fine with them, of course on their terms. We are talking about hard core here.
- [H5] The Iron Bar awaits a ruthless power hungry Son of a Bitch. When will a Sammy Gravano come forward? We know there is someone out there waiting to squeal like a mouse.
- [H5] In the end Bull Durham will bring her to the knees. She will be questioned, but will "take the fifth. Another Lois Lerner; remember her? She is the IRS employee charged with issuing 501-3c exemptions; worked for the Obama's Organization. Failed to give Tea Party Organizations the sacred exemption from Federal Income Tax. Eventually, the IRS had to pay-up.
- [H5] Read here about the failed indictment of the Clinton Foundation. This time, we believe, as we said before, time has run-out for this Devil. Will she kill potential witnesses? Vince Foster, Seth Rich were about to talk, then murdered in Washington D.C. and by who? What did they know? Will the list go on and on?
- [H5] The Back Story follows: On March 4, 2017, Donald Trump wrote a series of posts on his Twitter account that accused former President Barack Obama's administration of wiretapping his phones at his Trump Tower office late in the 2016 presidential campaign. Trump called for a congressional investigation into the matter, and the Trump administration cited news reports to defend these accusations.
- [H5] His initial claims were based on an article on Breitbart News, which cited speculations made by conspiracy theorist Louise Mensch. By June 2020, no evidence had surfaced to support the claim, which had been refuted by the Justice Department (DOJ). The DOJ declared in a September 1, 2017 court filing that "both the FBI and NSD confirm that they have no records related to wiretaps as described by the March 4, 2017 tweets." Again we find the Deep State Swamp In Bed with the Democrats.
- [H5] On Friday, Durham filed court papers in which he alleged that a Clinton campaign lawyer enlisted a tech executive to help "mine" Internet data from locations including Trump Tower and the White House "to establish 'an inference' and 'narrative' tying then-candidate Trump to Russia."
- [H5] In the wake of the bombshell filing, former Director of National Intelligence John Ratcliffe revealed that he'd seen information about a Clinton campaign "plan to vilify Donald Trump [and] to falsely accuse him of ties to Russia," and that officials including then-President Barack Obama and then-Vice President Joe Biden were briefed on the matter. As we said on numerous occasions, this goes to the TOP.
