- [H6] Healthcare
- [H6] Infrastructure
- [H6] Whether it is the actual processing of the food or the packaging of the food, automation is everywhere in today's modern food plants. Plant floor automation helps keep costs down and food quality up. The stainless series was developed for food processing, packaging and pharmaceutical industries where there is a need for water resistant devices that can withstand daily wash-downs to keep a clean food production facility.
- [H6] ALL SOLUTIONS
- [H6] As technology evolves and regulatory demands significantly increase, modern factories not only need a way to track processes but also a visualization of each important production step. Winmate offers wide range of HMI and embedded solutions to enable smart factory automation.
- [H6] ALL SOLUTIONS
- [H6] With our increased reliance on computers monitoring car sensors and control systems, the entire automotive system must be designed to be safety-critical to ensure the safety of the driver, passengers, pedestrians and other vehicles. To improve the quality and reduce errors in these systems, automotive OEMs and suppliers require good diagnostic tools to detect and discover any faults that appear in automotive systems.
- [H6] ALL SOLUTIONS
- [H6] From medical images to patient data, the hospital environment is a complex ecosystem that requires advanced technology to keep it running smoothly. Expand your medical and healthcare business with Winmate's medical certified solutions.
- [H6] ALL SOLUTIONS
- [H6] Field service workers face various challenges working in remote locations and unfamiliar environments, and every minute of downtime results in lost revenue. Access to critical information and wireless communications are top priorities for workers to provide fast service. Winmate provides rugged mobile solutions that are capable of increasing productivity in the field. Winmate offer the possibility for ATEX as well as IECEx Zone 2 (C1D2) license for make use of in possibly eruptive environments.
- [H6] ALL SOLUTIONS
- [H6] Our featured innovative technologies
- [H6] DESIGNED FOR YOUR SPECIFIC NEEDS
- [H6] Winmate creates intelligent systems that advance industrial automation and enterprise-level communications across the globe. For more than 27years, Winmate Inc. has been the global leader in developing advanced tablet pc manufactures in Taiwan, rugged tablet computers and heavy duty laptop for industries operating in the most challenging environments. These include warehouse/ logistics, Infrastructure, Healthcare, Automotive Industry, Marine, Military, Food & Chemical Industry and industry Automation.
